## EDUCATION

**NOVA School of Science and Technology | FCT NOVA**
**Lisbon, Portugal**
*Bachelor of Computer Science*
*July 2024*
- **Relevant Coursework: Object Oriented Programming, Algorithms and Data Structures, Operative Systems Fundamentals and Computer Architecture.**
- **Learning SQL at the moment.**

**Secondary School Rainha Dona Amélia**
**Lisbon, Portugal**
**June 2021**
*Science and Technology course*
*Average: 17.9 Val*

## WORK EXPERIENCE

**Fnac**
**Lisbon, Portugal**
*Salesman*                                                    *June – October, 2022*
- Accomplished all the sales' objectives weekly.
- Learnt marketing principles and sales techniques.

**Burger Factory**
**Lisbon, Portugal**
*Waitress*                                                    *May – October 2019*
- Some learning points I obtained were teamwork and working under pressure.
- Really practiced my English since the restaurant was in a very touristic area(LxFactory).

## LEADERSHIP EXPERIENCE & ACTIVITIES

**Volunteering at *Ajuda***
**Lisbon, Portugal**
*Assistant to the manager*                                    *January – April 2019*
- We made sure the needing people were all receiving the donations we were given equally and fairly.
- We helped between 50 to 150 people weekly by delivering door to door clothes and food.

## SKILLS & INTERESTS

**Software Development:** Java, C, HTML, CSS. (Learning SQL)
**Languages:** Portuguese and English.
**Interests:** Working out, riding motorcycle and coding. I'm passionate about problem solving and having to grind a solution. The feeling of accomplishment is unbeatable.
